

10FT EASY TOWER

PRODUCT DESCRIPTION

Introducing our newest Easy Tube Display, the Easy Tower! This display is very light-weight and is an excellent attention grabber due to its sheer size. The aluminum frame is completely tool free and easily assembled by snapping all of the individual tubes together. The graphic slides over the frame, pulled down until taut, and then is zipped closed. A durable case with wheels for easy transport is included. Grab all the attention at your next show with this massive display!

10FT EASY TOWER

SETUP INSTRUCTIONS

A. Vertical Tubing

The vertical tubes are multi-piece units, connected with an internal bungee cord. Push down on the button and insert into the receiving tube until the button snaps in place.

B. Corner / Angle Connectors

Connect the corner/angle connectors at both ends of each vertical tube. Match the labels, located on the ends of every piece (ex:B1:B1,B8:B8,etc.).

C. Horizontal Tube

Connect the horizontal tubes to the remaining open ends of each corner/angle connector. Match the labels, located at each end. The frame setup is complete.

1. Drape

Drape the top of the frame, starting with the open end (bottom) of the graphic.

2. Pull

Pull the graphic all the way down until taut.

3. Zip

Zip the bottom shut to maximize tension. The graphic install is complete.
